Join us on the West Branch of the Au Sable River for a fishing experience you will long remember!

The legendary West Branch of the Au Sable River, located in the Adirondacks' majestic High Peaks, tumbles and flows, twists and turns through one of the most pristine and scenic regions in the East. There is probably no river in America that offers such diversity to the visiting angler. With miles of pocket water, vast stretches of slow-moving water, deep pools and long channels, the West Branch provides opportunities for anglers unequaled anywhere.
