

Sustainability & Energy Fair

Jay Village Green

Amos & Julia Ward Theater

15 Parkside Road Jay, NY 12941

Saturday Sept. 12, 2026 10 a.m. to 2 p.m.

Family Fun Day

with Music, Kids Activities, Food & Refreshments.

Music by RePlay, Merriloons the Clown balloon art and face painting

Whether you're looking to lower energy costs, reduce your environmental footprint, or explore local conservation efforts, this fair connects you with the businesses, contractors, energy experts, and environmental organizations shaping a more sustainable future. Learn about solar energy and community solar programs, battery storage, EVs and charging stations, home energy efficiency upgrades, sustainable building materials, composting, insulation and energy audits, and conservation initiatives protecting our rivers, lakes, forests, and trails.

Seminar schedule:

- 10:30 am Composting by Compost for Good
- 11:00 am Community Solar by Solar Simplified
- 11:30 am Heat Pumps by High Peaks Heat Pumps
- 12:00 pm Electric Vehicles by Della Kia
- 12:30 pm EV Charging by APEX Energy Tec
- 1 :00 pm Solar Panels/Battery Storage by ADK Solar

Thank you to our sponsors:

NYSEG, High Peaks Heat Pumps, Adirondack Heat Pumps, DELLA KIA, ADK Solar LLC, Third Act Upstate New York, Jay Entertainment & Music Society, Au Sable River Valley Business Association, Ward Lumber
